JOSEPH PATRICK

IT SPECIALIST

8 Nursery Street,
Rochester, NY 14610

(409)-344-1823

jpatrick5402@gmail.com

OBJECTIVE

I intend to be a lifelong learner. I want to improve my skills and knowledge in the field of computer science and cybersecurity to better other people's lives through software.

EDUCATION —

Liberty University, Lynchburg, Virginia.
I am attending Liberty University Online, studying to receive a B.S. in Computer Science and Cybersecurity.

KEY SKILLS —

Project Management
Communication
Administration
Troubleshooting
Software Development
Networking

EXPERIENCE

August 2022 – November 2022
Faculty Support Administrator • Contractor • University of Rochester

May 2022 – August 2022
Hardware Engineer • Computer Assessment • Computer Systems Asset Disposal

I have been delegated long-term projects and successfully carried them to completion. I have worked in a variety of environments with different types of assignments.

COMMUNICATION

I enjoy working with others on projects and using a collective approach to solving problems. I routinely communicate with many people who come from all walks of life, through multiple volunteer organizations.

LEADERSHIP

I have been described by many of those I work with as a very impactful speaker and someone who can take charge when necessary. I have taken leadership positions in multiple volunteer organizations for these qualities.
